Oregon Coast Bingo

The classic coast road-trip game — spot it, mark it, shout “Bingo!”

How to play: Print a card for each traveler. As you explore the coast, mark or color a square each time you spot that thing in real life. First to complete a row, column, or diagonal — five in a row — wins. Play again for a full “blackout” card on a longer trip!

Great for

- Keeping kids happily hunting for wildlife and landmarks on Highway 101
- Long drives, ferry rides, and rainy-window afternoons
- Turning an ordinary beach walk into a treasure hunt

TIP

There are six different cards on the next pages, so no two players hunt for the exact same things. Pair it with the drawing page at the back — sketch the coolest thing you spotted all day.
